

Washington County 4-H Creative Arts Committee

Committee Volunteer to help us define the projects each year. This would be an annual position, requiring just a few meetings prior to the Creative Arts event each year. This person would also help network for teachers and assist with training our teens to prepare for teaching opportunities at the annual event. For example, multiple samples must be completed prior to teaching. We need to fit the project into available work time. This is a particularly big challenge when we have such a wide age and ability range.

Teachers Needed for February 16, 2019 (and/or meet with a 4-H teen prior to the event to train them)

2019 Project Areas:

Macrame

Wood Burning

Painting a mini-Mandela on a rock or another medium (acrylic or enamel)

Anime/Cartooning/Drawing

Dream Catcher or a weaving project

Polymer Clay

A **\$50 stipend** is available for teachers that attend the February 16th event.

Questions may be directed to Merrily Karel, committee chair, at merrilykarel@me.com or cell (612)618-5846 or to Ann Church, the Extension Agent for Washington County 4-H.
